No. 13

KENTUCKY CROP REPORT.

Condition of Growing Crops, Prospect, Etc.

The wet weather prevailing in September continued until the first week in October, and wheat seeding and corn gathering were prevented. Since then the weather has been favorable and this work has proceeded without interruption. The average of wheat sown will be short, being 89 per cent, compared to 1905. That which was sown early is coming up nicely and with favorable conditions a good stand is indicated.

The corn yield will be large, being at 102 per cent compared to 1905, which was also a large yield. Corn is damaged from the wet weather and lack of sunshine, maturing badly, and at least 20 per cent of the crop will be unmarketable.

Winter Oats: The acreage will be short on this crop, being 80 per cent, compared with 1905.

Acreage on Rye and Barley about up to an average.

In the Burley District, as also the Dark District, no improvement is shown in condition of the tobacco crop. A severe freeze occurred on November 10th, and found much tobacco uncut in the field, which was a total loss. The damage on burley from various causes is estimated at 24 per cent, and the estimated yield is only 56 per cent.

In the Dark District, reports indicate that the crop is damaged 20 per cent, and the percentage of yield is 88 per cent. A large percentage of the tobacco crop will be of poor quality.

Meadows and pastures are good and all live stock in fine condition.

Very little disease exists among stock. Mules are high and in good demand.

Labor very scarce in all sections.

First Division of State.

Ballard County—Wheat seeding is about completed, but is two weeks late, and the acreage will be 20 per cent short. Fully 50 per cent of the pea crop is damaged. Tobacco further damaged by the freeze and houseburn. Corn crop is large, but much of it damaged.

More young mules in this section than for several years. Prices high; weanlings bringing from \$55 to \$85 per head. Turkeys scarce; selling for 12c on foot.

Hickman County—Corn crop shows considerable damage. Yield very large. Selling for 35c to 40c per bushel from the field. Some corn contracted for at 40c per bushel 90 days ago. Hogs small and scarce. Tobacco shows a damage of about 15 per cent.

Henderson County—Wheat seeding completed and coming up nicely; acreage, 105 per cent compared to 1905. Corn yield is not as large as other sections and is damaged about 5 per cent. Tobacco reported damaged from houseburn, etc., but can not estimate extent until shipping is done.

Carlisle County—Corn gathering in full blast and shows damage from rotting. Some wheat coming up; still breaking around and sowing, but acreage will be short of last year.

Crittenden County—Corn yield satisfactory; some of it damaged. Wheat acreage 75 per cent compared to 1905. Tobacco crop housed in fairly good condition, but that on low lands was damaged. Grasses have been good. Live stock in fine condition, with no disease reported.

Second Division of State.

Hardin County—Wheat sowing will be late, but acreage will be up to an average. Corn is a large yield, but damaged 20 per cent. Hogs and sheep scarce. Light crop of apples and inferior quality.

Cumberland County—Corn yield large. Damage by rot about 20 per cent. Wheat sowing nearly all done, and will be up to 1905 in acreage. Live stock in good fix. No disease.

Nelson County—Corn being gathered, and found to be damaged in shocks about 24 per cent. Tobacco estimat-

ed to be damaged 40 per cent. Full crop of wheat will be sown.

Grayson County—Wheat sowing has been delayed and acreage will not be quite up to 1905. Good yield of corn. Much of it damaged and unmarketable. Poorest tobacco crop ever known; practically no good tobacco produced this season. Apples better than usual. Sheep and mules very scarce and high. Some disease is killing the hogs. Does not appear to be cholera.

Warren County—About 25 per cent of wheat has been sown, but with continued favorable conditions, a full acreage will be put in. Corn crop the largest in ten years. Damage, 30 per cent. Tobacco crop large; now in barn; badly worm eaten and houseburned. Value will be reduced 50 per cent. Hogs and sheep in good fix and high. Mules in good demand. Apple crop a failure.

Third Division of State.

Owen County—Much complaint of rotten corn; yield heavy. Wheat sowing two to three weeks late; indications that a few acreage will be sown if weather permits. Tobacco was cut late and badly damaged by houseburn and curing green. A small percentage will be fine color. Live stock in good condition.

Lincoln County—Wheat sowing about over and acreage estimated at 80 per cent, compared to 1905. Wheat coming up nicely and good stand indicated. Corn yield 100 per cent; great deal of it damaged. Tobacco seems to be damaged at least 20 per cent. All live stock in good condition.

Scott County—Wheat all sown and coming up nicely. Acreage fully up to last year. Some corn cribbed. More rotten corn than was ever known before. Tobacco damaged 20 per cent by the freeze and houseburn.

Fourth Division of State.

Bell County—Corn crop heavy yield, but reported badly damaged and rotting in shock. Potatoes excellent. Hogs and cattle plentiful and in good condition. Wheat acreage will be 50 per cent, less than last year.

Clinton County—Corn crop good yield; 100 per cent, compared to 1905. Acreage of wheat sown 70 per cent, compared to 1905. Sheep and hogs very scarce. Cattle mules and horses up to average in numbers and in good condition.

Fifth Division of State.

Knott County—About one-third of the corn is damaged, although the yield is heavy 110 per cent compared to 1905. All live stock in good condition.

Elliott County—Yield of corn is heavy, being 120 per cent compared to 1905; in some parts of this county, 50 per cent of corn is damaged. A heavy snowstorm and freeze occurred Oct. 10. Cutting pastures back. Wheat seeding has been very late, but a good acreage will be put in. Hogs scarce and high. Sheep welling.

Morgan County—Corn yield rated at 100 per cent, compared to 1905. Some damage. Acreage of wheat only 50 per cent of 1905. Apple crop only fair in quantity and quality. All live stock in good fix.

A city to be healthy must keep its sewer system in perfect order. To be well, you must keep the human sewerage system in perfect order, the only way Father William's Indian Tea or Herb Tablets, 25 doses for 20c. Come in and try a box and be convinced. Frankfort Drug Co., Drugists.

DEATH OF JUDGE HODGE.

The friends and connections of Judge J. C. Hodge, in this community, were shocked to learn of this sudden death, the 14th inst., as he stepped from the steamboat Royal, on landing at his home, Smithland, Ky., from Paducah, where he had gone on some legal business.

Judge Hodge was an eloquent man, polished and well bred.

He leaves a wife, who was Miss Julia Scanland, of Farmdale, this county, three sons and two daughters to mourn his loss.

PRESIDENT SOUTHERN RAILWAY KILLED.

Mr. Samuel J. Spencer President of the Southern Railway, was killed by a rear end collision on Wednesday, when a freight engine, whose brakes refused to work, crashed into the private car of this distinguished man, killing him and a half dozen others, whose remains were cremated in the fire which followed.

Catarrh of the nose and throat should lead you to at least ask for a free trial box of Dr. Shoop's Catarrh Cure. Nothing so surely proves merit as a real, actual test—and Dr. Shoop, to prove this, earnestly desires that we let you make the test. This creamy, Snow White healing balm, soothes the throat and nostrils, and quickly purifies a foul or feverish breath. Call and investigate. All dealers.

TO CLEAN CHIMNEYS.

Jere Anderson, the well known oiled man, offers his services to any one desiring to have the soot cleaned from chimney flues. He is an experienced and reliable man, and will do such work at reasonable prices. Word left at the Roundabout office will reach him.

REVENUE COLLECTIONS.

Deputy Collector Grant L. Roberts collected internal revenue taxes for November as follows:

4,428 barrels; 167,708 9-10 tax gallons; \$184,479.75 amount of tax.

This is the largest amount collected in any one month since the office was established here.

ADJOURNS OVER TO DECEMBER 4.

The Court of Appeals, on Tuesday, adjourned its sessions over to Monday, December 4, so as to give the court and its officers an opportunity to enjoy Thanksgiving Day with their families.

POSTMASTER ROBBED.

G. W. Fouts, Postmaster at Riverton, In., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow. By my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At all drugists, 50 cents.

Dr. Weaver's Syrup and Cerate.
Successful treatment for blood and skin diseases.

STAMPING GROUND.

Our citizens were surprised and grieved when it was known that Emelin R. Duvall, a young man of this place, had been arrested for having cashed one or two forged checks, at Georgetown. He waived an examination and was held to the February Circuit Court. It is earnestly hoped that some satisfactory explanation may be made of the matter.

The many friends of Mrs. C. B. Roberts will rejoice to learn that it is now thought she will recover from her recent severe illness.

Mrs. J. J. Yates is also improving from her recent spell.

The Ladies Aid Society of the Baptist Church have postponed the giving of their supper at the Town Hall until Saturday, December 15th.

Many of our farmers are taking advantage of the present cool spell to slaughter their hogs.

Several children in our town are very ill with whooping cough.

WORLD FAIR IN 1909.

Alaska-Yukon-Pacific Exposition at Seattle Will Exploit Northland and Oriental Trade—To Cost \$10,000,000—Queen City Raises \$650,000 for Enterprise in One Day.

Special Correspondence. Seattle, Dec. 1st.—At the present time much interest is centered here in the work of creating the Alaska-Yukon-Pacific Exposition, which will be held in 1909, opening June 1 and closing October 15.

Although three years remain before the fair will be opened to the public, the management is hard at work perfecting and carrying out plans to make the enterprise worthy of the purposes it will aim to accomplish.

Beginning with the idea of making the new western world's fair original in every possible way the management has succeeded admirably up to the present time, and if the financing of it, which broke all exposition records, can be taken as a criterion of the manner in which the plans already outlined will be carried out, there is no room for doubt as to the originality that will characterize the 1909 fair.

On October 2, last, five months after the incorporation of the exposition company, which was effected May 7, the people of Seattle were called upon to finance the enterprise by subscribing in one day to its capital stock of \$500,000. In a generous and patriotic manner they oversubscribed to the extent of \$150,000, making the total amount available with which to begin work, \$650,000. No other city for any purpose ever equalled such a feat. "Seattle

spirit," for which the people of the Queen City are noted, was responsible for this remarkable achievement. More than a half million dollars in one day is a large amount of money to be raised in a city of 200,000 inhabitants. The slogan adopted by Will H. Perry, chairman of the Ways and Means Committee, was, "Everybody Helps," and everybody did help, with the result that an average of more than \$8 was subscribed for every man, woman and child in the city.

As soon as the capital stock had been subscribed, John C. Olmsted, the noted landscape artist of Brookline, Massachusetts, who laid out the Chicago and Portland Expositions, was called to Seattle, and he is now busily engaged in designing the grounds and arranging the buildings. He has pronounced the site as, scenically, the finest ever utilized for such a purpose.

Henry E. Reed, Director of Exploitation, is now busily engaged in making arrangements for the States to participate. He has Major T. S. Clarkson, Special Commissioner, in the field visiting the Governors of all the Commonwealths. So far Major Clarkson has met with unprecedented success. Every Governor he has talked with has signified his intention of recommending a liberal appropriation for a building and an exhibit. Mr. Reed is also carrying on an extensive campaign to secure the 1909 meetings of national conventions.

The Executive Committee of the exposition has appropriated \$100,000 for the live stock show, which will be on an extensive scale, and from present indications promises to be the most successful ever held.

The management is receiving letters from all over the country endorsing the object of the exposition, and pledging support from different localities.

The primary purpose of the fair is to exploit the resources and potentialities of Alaska, Yukon and the Pacific Northwest, and to make known and foster the vast importance of the trade of the Pacific Ocean and of the countries bordering upon it. Different from other fairs, the Alaska-Yukon-Pacific Exposition will not celebrate any particular event. The awakening of the Pacific, the wonderful achievement in all lines of effort of the countries in and bordering thereon, and the important role the commerce of the great ocean plays in that part of the world, are the most noteworthy things the fair will celebrate. It will be a great international exposition. Historical sentiment will not be depended upon to arouse interest and induce participation.

In the first place the fair will show the world, through its exhibits, that Alaska can produce other things besides snow and gold; it will give the general public a better conception of the resources, advantages and possibilities of the territory, and of its geographical and climatic conditions. The same is also true of Yukon.

The Fair will increase the commerce of the Pacific by teaching the merchants and manufacturers of the Orient and Occident the needs of the people of their respective markets, and how to secure and hold the business. Oriental buyer and Occidental seller, as well as Occidental buyer and

Oriental seller, will be brought together to their mutual advantage, through exhibits collected with that aim in view.

The exploitation of the Pacific Northwest—in fact the entire western country—will be, naturally, another important result that will be accomplished by the Alaska-Yukon-Pacific Exposition. The Lewis and Clark fair and its attendant publicity placed this section prominently on the map. The interest that exposition created beyond the Rocky Mountains in this section will be stimulated and increased during the next three years. With the foundation in exploitation laid by Portland to build upon, the attendance at the 1909 fair and the subsequent benefits to follow will be on a large scale.

It is estimated that the fair will cost \$10,000,000. The amount the exposition company will spend and the United States Government and State of Washington appropriation will make a fourth of this amount, and the sums the States, foreign nations, exhibitors and concessionaries will expend will aggregate the remaining three-fourths.

The exposition site comprises 255 acres of the campus of the Washington University. In its virgin state it presents everything to please the eye. There are tall, stately giants of the forest forming beautiful vistas, gentle slopes, commanding terraces and unbroken stretches of water front.

The grounds border for more than a mile and a half of Lake Union and Lake Washington. The Olympic and Cascade Mountains are in plain sight, and an unobstructed view of the perpetual snow peaks of it, Rainier and Mt. Baker may be obtained. In constructing the buildings and laying out the grounds every care will be taken to preserve Nature's own handiwork.

Different from former fairs, the Alaska-Yukon-Pacific Exposition includes in its plan the erection of permanent buildings. Many of the large exhibit palaces will be substantially erected and they will remain as the property of the University after the fair closes, to be used for educational purposes. Thus the Washington State appropriation will be used

UNUSUAL OCCURRENCE.

About 6 o'clock, on Saturday morning, while a dense fog was hanging over this city, a flock of about 20 wild ducks became confused and flew up Shelly street towards the hill and so low that they were almost in the reach of a tall man. They circled round so peculiarly that it was evident that they had lost their bearings as to the river.

Preventives, as the name implies, prevent all Colds and Grippe, when "taken at the sneeze stage." I am furnishing patients through druggists. I do this because I am so certain that Dr. Shoop's Catarrh Cure will bring about a wonderful recovery, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing and sapid salve, and is now being sold in boxes at 50c. Some soothng agents as Oil of Eucalyptus, Thymol, Menthol, are incorporated. Vital Questions

What does the Doctor Prescribe?

What does the Druggist Supply?

Health often balances between these two questions. Life itself may depend on the precise filling of a prescription with drugs of absolute standard strength. Many druggists who fill prescriptions carefully are not careful about the reliability or potency of the remedies used. We are careful about both. We see to it that all our drugs have the precise strength they should have, and they are always compounded with scientific accuracy.

..DEATHS..

NOONAN—In this county on Wednesday, Mrs. Mary Noonan, daughter of Mr. John Noonan.

The funeral and burial took place from the Church of the Good Shepherd yesterday morning at 10 o'clock, Rev. Father T. S. Major conducting the services.

HERNDON—In this county, on Tuesday, Mrs. Mary Herndon, aged 50 years.

Mrs. Herndon was a devout Christian and will be sadly missed by a large circle of friends.

She leaves a husband and seven children (Mrs. Belle Smith, Mrs. M. Hamilton, Miss Minnie Herndon, Mr. Chester Herndon, Mr. Elias Herndon, Mr. Chas. Herndon and Mr. Harry Herndon) to mourn her death.

The funeral and burial took place on Wednesday.

EDDINS—In this city, on Friday, Mrs. Lula D. Eddins, wife of Mr. Otis Eddins, and daughter of Mr. John Deakins and wife, aged 20 years, of consumption.

Mrs. Eddins was a gentle, earnest and consistent Christian woman, whose short life was filled with loving service for the Master she so devoutly loved.

Only a few short months since she was wedded to the young husband of her choice and hand in hand they had gone only a short while when the grim destroyer marked her for his own. She bore her affliction with the same Christian fortitude that had marked her life, and went to her final home with the undaunted mein and gentle consideration for her loved ones that were her characteristics.

The beautiful tribute rendered to her memory by her pastor at the funeral services, and the unusually large crowd present, indicated the high regard in which she was held by all who knew her. She leaves a young and devoted husband, father, mother, sisters and brothers to mourn her untimely end.

The funeral services were conducted from the First Baptist Church, on Sunday afternoon, by her pastor, Rev. Dr. M. B. Adams, in the presence of an audience that tested the capacity of the big audience room, and the remains were tenderly laid away in our city on the hill.

We tender to our young friend our sincere sympathy.

OBITUARY.

MOORE—Mrs. Mary Ellen Moore, was born in Woodford county in 1848. She moved with her parents, to this county (Franklin), in 1859, near Hatton, on the L. & N. She was married to George Moore in 1870. To this union six children were born. She died Sept. 19, 1906. The funeral was conducted by her former pastor, Rev. J. H. Burdin, at North Benson Church.

Sister Moore was a true Christian woman; an affectionate wife and mother; a good neighbor in the truest sense; and none knew her but to love her; she was always kind and considerate to every one; she has now gone to her Heavenly home to await the coming of her loved ones. May God's richest grace be with those she loved in this world, is the prayer of one who loved and esteemed her as one of God's Saints.

In memory of John Edward Goins, who died July 20th, 1906, aged 19 years.

A precious brother from us has gone.

A voice we loved is still;

A place is vacant in our home,

Which never can be filled.

We miss thee from our home, dear brother.

We miss thee from thy place;

A shadow o'er our life is cast,

We miss the sunshine of thy face.

Our third and fourth guests were two children—orphans, a girl and boy,

'Tis ours to miss thee, all our years,
And tender memories of thee keep:

Thine in the Lord to rest, for so
He giveth his loved one sleep,
Tis hard to break the tender cord
When love has bound the heart,
Tis hard, so hard, to speak the words:
"We must forever part."

Round his silent grave we linger
Till the setting sun is low,
And our hearts ache within us,
For the brother we loved so.

Yet again we hope to meet thee,
When the day of life is fled;
And in heaven with joy to greet thee,
Where no farewell tears are shed.

OVER RAIL FENCES AND
THANKSGIVING.

The Governor had proclaimed the day set apart to return to thanksgiving, and God and grandma and John's wife were determined to observe the day as the Bible taught and directed. "A day of Thanksgiving; For What?" Were questions asked by the boys very early in the week. Each one of us had answered as to our several dispositions, and listened eagerly to the reading of Holy writ as to how the day of Thanksgiving was to be observed.

We found the command, Luke XIV chapter. It read thus: 12th verse, also 13th and 14th.

"When thou makest a dinner or a supper, call not thy rich neighbors, nor thy friends, nor thy brethren, lest they also bid thee again, and a recompence be made thee. But when thou makest a feast, call the poor, the maimed, the lame, the blind and thou shall be blessed; for they cannot recompence thee, for thou shall be recompensed at the resurrection of the just."

It was a certain, we sustained, legal documentary evidence; so imperative of command, that any or all barriers were burned away. We knew that the day with all of its kindly prerequisites would be numbered among the sweetest memories of a law abiding household.

The dining was to be held at "Hill Top," John's beautiful home, and the garlands were to be autumn leaves and chrysanthemums. The menu was to be old-fashioned, hospitable and good natured in every particular. We, the boys and I, were to invite the guests; and we were so delighted that I could scarcely close my eyes in anticipation of the event. My room overlooked the valley of the stream so dear to my heart of hearts. A large double window divided the apartment, and a pretty dresser glass reflected the cliffs with the whitened and roughened embankments towering heavenward.

A little canopy of scarlet satin covered the "spiral four poster," and the covering of blue wool and white linen made for my rest a "cuddle down of Erin." In my sleep a dream came to me wonderfully pathetic. I was alone upon a high wall built of the water like a marble dam. All about me was a flood raging and tossing up its fury. The people of the valley had perished, and the village inhabitants were floating about on the waves at their mercy.

In my delirium I cried for help, both human and divine. It came unexpectedly. A friend long lost, and whom I had supposed dead, came to me, hoisting my hand he led me on through wave and storm up to the city of the Prince of Peace. I awoke! It was dark, and the sun fell laughing in its shrine even to my very soul. I was thankful to live and the dream was mine also.

We made the first visit to Mrs. Radley. She lived alone in a small two-roomed cottage, crippled in her right arm, and dependent on the sympathy of friends for the sweet crust of charity. I never saw a more grateful spirit than was her's as she accepted the invitation. Then we called on grandpa Bates. He was one of the old residents, and also lived alone, taking care of the night watches at the "Factory." He lifted his hat like a gentleman of the old school and said that "nothing would give him more pleasure."

Our third and fourth guests were two children—orphans, a girl and boy,

left to the tender mercies of the world, and hired out to wait on the "lady" who rented the boarding house at the "Two Bridges." The old man, Chambers, who pecked rock on the pile, and his neighbor, Mrs. Grundy, comprised the group of visitors, and we returned with the happiness of a well deserved compliment for our success. They would come to the Thanksgiving without fail!

So we all went to work with sincere pleasure, cake-making, pie-making; and all other duties dependent and expected.

Thanksgiving day came to us with the brisk wind, and refreshing, frosty atmosphere of November. We arose early, to make arrangements for the transportation of the expected guests. Uncle Dave and Aunt "Hanna," his wife, told me "ther bes' way ter bring them ther kerrige an' let em see for once in ther lives how Thanksgiving felt?"

It was a sensible suggestion and was adopted on the spot, and Uncle Dave with Julian drove off just as "Old Marse" and "Old Miss" (from the other house) came up both of them riding horse-back, and "Old Miss" bringing a basket filled with fresh eggs which "Aunt Hanna" declared, were too expansive ter giv' that day, but which should be done because their Scripture said so."

Mrs. Radley; grandpa Bates and the Stewart children, came first—almost immediately thereafter, Mr. Chambers walked in, and Mrs. Grundy (almost blind and tottering from age) drove up, and was most graciously assisted by the boys who brought her in to the reception hall and introduced her to us. Our guests were according to the required expectations, poverty and patches t'was true, but inherent gentle dignity, and a quaint composure resultant of peaceful environment. The orphans were taken to see the children's toys, and immediately therefrom entered into the spirit of the day, from the kingdom of the child. The two old gentlemen walked about the yard viewing the stock and farm yard attainments, while the two old ladies talked with "Old Miss" and myself about the old times religion, and the good old days.

John's wife superintended the arrangements of dinner, and came in dressed with dainty care and becoming gown of white, which was her favorite color. She always stooped to conquer, thereby making friends with the rich as well as the poor, and sowing sunshine with a gentle touch, and loving, tender heart. At the sound of the dinner bell every body broke ranks and answered the call. But upon being seated it was found that the company numbered 13. I being the last refused to think of the superstition, and we had the return of thanks before the others discovered what a mascot was in their midst and the profit thereby.

We had roast turkey, sweetpotatoes, escalloped oysters, salad, cornpudding, raw tomatoes, breads, jelly, pickles, coffee, butter, cheese and pumpkin-pie.

Such appetites one never saw before, and such fund of anecdote as was told with peals of laughter, and then a sweet period of grateful acknowledgment to the Creator for the gift of His son and this one day above price.

To me it was a most joyous praise service, and when the time came for the guests to depart, there was a basket for each one, and a something wrapped in a package: "Gift for God!"

The old people cried in shaking hands. The tears were real pearls worth a diamond each.

Mr. Chambers said "as I peek rock to-morrow, this here day will bloom in me o' heart lik' ther shamrock in o' Ireland!"

And the two little orphans, with hands filled to overflowing, smited timid thanks, and we all sped the parting with the hymn, "Blest be the love that binds our hearts in Christian love," and Thanksgiving was ended.

WILL BE A FINE CONCERT.

The concert, which will be given on next Monday evening, at the Capital Theatre, promises to be a notable musical event in our city. The very best musical talent of Frankfort will take part and the variety of the program will please every musical taste. A large chorus, carefully drilled and conducted by Prof. Stratton, will sing some beautiful selections. The Frankfort Glee Club, consisting of twelve male voices, will sing two numbers, and in addition to solos by the various favorite singers, there will be readings by Mr. Lindsay South, whose work in this line is exceptionally fine. Mrs. Poyntz's beautiful setting of "Crossing the Bar," will be sung by J. M. VanDerveer, accompanied by Mrs. Poyntz. The Woman's Auxiliary deserve a large attendance, not only on account of the fine attractions offered, but in consideration of their worthy cause.

Dr. G. Green gives first personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit and the use of our advice, to consult their doctor. "We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give this advice. We know of the experience of over 35 years that this one 72-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. Our trial bottles, 25c, regular size, 75c. At all druggists."

THANKSGIVING SERVICES.

The Union Thanksgiving Day service of the Southern Presbyterian, Methodist, Christian and Baptist Churches was held at the Methodist Church on Thursday, at 11 o'clock a. m.

Rev. Wm. Crowe preached an able and telling sermon to a large congregation. A fine musical program was rendered, including a beautiful solo by Mr. John G. Rogers, the tenor of the First Baptist Church Choir.

The Church of the Ascension also held service, at which a special trained choir, under the direction of Prof. R. V. Stratton, rendered a splendid musical program.

Rev. A. B. Chinn, the rector, delivered an appropriate address.

The business houses were, many of them, closed throughout the day, and all of them in the afternoon.

There has seldom been a more general observance of the day.

If "taken at the Sneeze Stage," Preventics—a toothsome candy Tablet—will surely and quickly check an approaching cold or la grippe. When you first catch cold—or feel it coming on—take Dr. Shoop's Preventics, and the prompt effect will certainly surprise and please you. Preventics, surely supply the proverbial "ounce of prevention." Sold in 5 cent and 25 cent boxes by all dealers.

FINE MEETING.

The series of protracted services being conducted at the First Baptist Church of this city have developed profound interest and fine results. Rev. J. T. Watts, the earnest and able preacher, who is assisting the pastor, Rev. Dr. M. B. Adams, has preached strong, instructive and tender sermons twice a day since Sunday last. The audiences have been large and deeply solemn. Up to the hour we write there have been twenty additions to the Church—17 by profession of faith and 3 by letter.

The services will continue until Sunday night at least and it may be longer, of which due notice will be given.

A cordial invitation is extended to all who love our Lord Jesus Christ to attend, and especially are the unconverted of the city urged to be present.

There is no sensationalism indulged in, just the plain "old, old story, of Jesus and his love."

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember it's made alone for Piles—and it works with certainty and satisfaction. Itching, painful, protruding, or blind piles disappear like magic by its use. Try it and see. All dealers.

FORMER FRANKFORT MAN A CANDIDATE.

We see from the Henry County Local, that Mr. Jos. R. Fears is a candidate for Representative from Henry county in the next Legislature.

Mr. Fears is well qualified for the position, both by ability and education. He is a former well known teacher of this county and moved to Henry after he was admitted to the bar.

Henry county would honor itself by electing Mr. Fears to the Legislature.

SUBSCRIPTIONS COMING.

Substantial Interest is Being Shown in the Kentucky Jamestown Exposition Exhibit.

Subscriptions have begun to come in to the headquarters of the Kentucky Jamestown Exposition Commission in Louisville, and the work is now well launched. All funds received will be used in the construction of a Kentucky building at Jamestown, Va., during next year's Exposition and in the collection, transportation, installment and maintenance of exhibits of the State's products and resources. Gov. Beckham last week issued commissions to the members of the commission. The latter are giving their services free of charge to the work and every cent of the money subscribed to the movement goes directly in the interest of State development.

The canvass for funds which is now in progress is being thoroughly prosecuted in every section of the State. The Jamestown Exposition promises to be an industrial event of consequence and the fact that it will be held in a populous section of the country which has not known a similar exposition since the Centennial of 1876 at Philadelphia, will make it an excellent opportunity for this State to display her advantages before an interested audience.

Some interesting circular matter was sent out this week from the commission headquarters in Louisville. The date of the exposition is given from April 26 to November 30, next. It will be held on the shores and waters of Hampton Roads. The Exposition Company has progressed rapidly with its work; many of the most important buildings are already completed. The United States Government is taking more than ordinary interest in the event because of its real historical value. A naval review in which will participate the crack vessels belonging to Uncle Sam and the finest representatives of the navies of other great powers will be one of the most important features connected with the exposition. A great military celebration, including maneuvers by American and foreign soldiers will also be held during the exposition.

From an attendance standpoint, the event promises to rival any of its predecessors when the size of the exposition is considered. There is a population of 21,000,000 of persons within twelve hours of Jamestown, and this is far in excess of the population in any similar district around a former exposition city. Transportation facilities make Jamestown accessible to all sections of the country and to foreign countries.

Kentucky will doubtless have the distinction of the most unique State Building in the exposition group. It will be a replica of the historic Fort of Boonesboro, an architect now working on the plans of that structure. This building in itself will be an elaborate forestry display for the State. All State Buildings will face on the beach of Hampton Roads where an elegant view of the sea, with arriving and departing vessels can be had.

LET YO' LIGHT SHINE.

A protracted meeting was in progress at one of our colored churches which has stirred up great religious enthusiasm among the members, especially the "Sisteren," one of whom in describing the meeting, said it was one of the best they had ever had, and Brother —, the most delightful preachers she had ever "hearned," "Why," said she, "we had thirty-five at the mourners' bench, and forty done got through." Another sister threw her arms about a young girl who was passing her upon the street and exclaimed:

"You' gwinne to be a sweet little Christian, ain't you?"

"Yes, Sir," was the reply. "Well, let your light shine, honey; let your light shine," said the old sister as they parted.

A FRIEND'S ADVICE.

Will Often Help You Greatly—Read What a Frankfort Citizen Says.

You may hesitate to listen to the advice of strangers but the testimony of friends or residents of Frankfort is worth your most careful attention, it is an easy matter to investigate such proof as this. The evidence must be conclusive. Read the following:

Mr. Coleman Carr of 441 Main street, Frankfort, Ky., says "I received great benefit from using Doan's Kidney Pills. For a long time I was embarrassed during the day and annoyed at night by the too frequent action of the kidney secretions. The doctors pronounced my trouble as diabetes and for all they treated me, I was unable to get relief. By a friend I was induced to try Doan's Kidney Pills and got a box at J. W. Gayle's drug store and on taking them, it was only a short time, before I felt great improvement and finally the whole trouble was removed. I used Doan's Ointment for Eczema which I had for a long time on one of my legs about the shin. The contact irritation at times most drove me wild. Despite the use of preparation after preparation, nothing helped me, until by good fortune, I heard of Doan's Ointment and procured a box. This remedy gave me quick and positive relief and proved satisfactory in every respect."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

THE ONLY KITCHEN CABINET

—FOR—

Economical Women

Is the one that lasts a lifetime, and yet is not high-priced. That's the McDougall.

And economical women know it. The McDougall people make and sell five times as many kitchen cabinets as any other concern. Why? Simply because they make them better.

McDougall Kitchen Cabinets

Are not high-priced. \$18.00 to \$28.00. There are imitations that sell for less.

But the McDougall is always a blessing and not a nuisance; is dust-proof, mouse-proof, and easily cleaned, and PAYS FOR ITSELF quickly by saving kitchen supplies. So it's economy to buy a McDougall.
